**VIRGINIA REHABILITATION CENTER FOR THE BLIND AND VISION  
IMPAIRED**

**PARENTAL PERMISSION FORM**

**Dear Parent or Guardian:**

The Virginia Rehabilitation Center for the Blind and Vision Impaired is a facility designed primarily to train adults. Adults (age 18 and above) who attend the Center have special privileges that children and adolescents do not. Two privileges are 1) no curfew and 2) co-ed visitation. No curfew means that adults do not have to return to the center at any time until their next scheduled class. Co-ed visitation means that males and females may visit each other in their rooms with permission from the roommate, with notification of the dorm supervisor, with the curtains open, and during the hours of 7:00 until 10:00 p.m. each night only.

All adults age 18 and older will have these privileges unless parents and guardians wish otherwise. Because some students in the summer programs are not 18 and do not have adult privileges, the Center suggests that your child not be allowed open curfew or co-ed visitation.

You as the parent or guardian know your child better than we do; therefore, we will abide by your wishes. Please complete the form below:
